PINCES MOBILES & COAX

1000W_{HF} TO 5000W_{HF}

Grip in T with spring for light work
(generator 1000w)

Ref: **PSM-S-pince I 1000**

Price: on request

Grip in T with spring
for light work (generator 1000w)

Ref: **PSM-S-pince T 1000**

Price: on request

New Concept for Tarpaulin Confection: You move Press
around Tarpaulin instead to move Tarpaulin under Press.
50% of economy on working.

Remote Handle Press: Throat Depth = 200mm
Electrode = 200mm.

HF Coaxial PTFE 10000mm, Length Up to 15 meters on
request

2 safety switches, 2 LEDs of welding cycle
Mass : only 5.5 kg, Ergonomic Handle.

**Press Prices including pneumatic commands in HF
generator :**

Ref: **PSM-S-pince S 1500** Price: on request

Ref: **PSM-S-pince Oeillets** Price: on request

Cable = Coax + Pneu + Command

Dcoax= 15 ; Dpneu=8 ; Length = 10 or 15 meters ;

Ref: **PSM-S-Cable/m** Price: on request

Remote C Press: You can unroll tarpaulin on
table and move the Press on rails planted along
side of table.

Depth Throat = 45mm for light welding:

Hems - Ropes - Stretch Ceilings - Confection

Depth Throat = 135mm for more heavy
tarpaulins

Electrode = 10 * 600mm

Double pneumatic Cylinders

HF Coaxial D14 - Length 10 or 15 metres

Bimanual Command - Light welding

Mass: only 25 kg - Ergonomic Handles

Ref: **PSM-S-pince C45 5000**

Price (Pneumatic Cde included) : on request

S remote Press: With the opened Profil with S
throat, you can unroll tarpaulin on both sides of
press and weld infinite lengths.

Depth Throat = 50mm - Electrode = 12 * 600mm.

Double pneumatic Cylinders -

HF Coaxial D14 - Length 10 or 15 metres

Bimanual Command - Light welding

Mass: only 25 kg - Ergonomic Handles

**Press Prices including pneumatic commands in HF
generator:**

Ref: **PSM-S-pince S 5000** Price: on request
